244321	Use elementary electronics as applied to electronic systems	3	4
244326	Explain the use of installed systems	4	3
244336	Configure an installation	4	7

**Next training course dates:** Refer to course calendar on the web page [www.pandttechnology.co.za](http://www.pandttechnology.co.za)

The training program is at our training centre at 141 Lamp Road, Wadeville, Germiston where relevant training tools, processes and criteria will be demonstrated and provided.

Our programs are developed in such a way as to allow you to meet the requirements of the Department of Labour, in terms of the registration application as well as to provide you with the necessary tools and expertise to confidently inspect and test electric fence installations using the knowledge and resources available to you.

After successful completion of the assessment you will receive documentary proof of completed unit standards as listed above from the Energy and Water Sector Education and Training Authority (ESETA).

Registration as an Electric fence installer is determined by the Department of labour. P and T Technology (Pty) Ltd is required to ensure competence for assessment of the above unit standards. Documentary proof of your process and documents used by you to inspect, test and certify an electric fence installation is a prerequisite for the assessment process.

The assessment for competence as required will be conducted after you have collected all evidence. The assessment process will include

- Evaluation of previous coached or self-inspection and testing tests conducted by you.
- A knowledge evaluation of applicable codes or standards.
- An onsite assessment to establish competence in inspection and testing and evidence recording.
- The completion of the supporting documentation of on site assessment.
- Completion of a Certificate of Compliance.
- Feedback and certification and ESETA communication.

### Target audience

- Electric fence installers installing, maintaining and certifying fence installations.
- Installers who issue Certificates of Compliance (CoC) for electric fences.
- Electric fence installers requiring assessments for Department of Labour registration application.

### Pre-requisites

Knowledge of relevant standards applicable to electric fence installations would be an advantage as this course applies the standards.

### Purpose of Program

To equip delegates with knowledge, skills and information to interpret standards and legislation and thereby enabling them to conduct and record valid detail during verification and certification of electric fence installations.

## Contents

- Applicable Occupational Health and Safety Act 85, 1993 legislation and regulation
- Applicable standards..
- Identification and assessment of area.
- Recording of results and inspection report.
- Tests to be conducted and interpreting readings.
- Client reports and final inspections.
- Assessment preparation for delegates requiring competence assessment.

## Training methodology used during course

- Interactive participative presentation.
- Practical use of documentation and instruments will be done during course.
- Programs are limited to a maximum of 15 delegates in order to allow delegate participation.

## Course documentation provide

- Support material

## Course documentation NOT provided

- Occupational Health and Safety Act 85, 1993
- SANS 10222-3:2012

The SANS 10222-3:2012 will not automatically be provided as part of training. The SANS 10222-3:2012 can be purchased from SABS in Pretoria or via their web page on <http://store.sabs.co.za/catelog/>.

## TO BRING WITH TO THE COURSE

You will need to bring the latest version of the SANS 10222-3:2012 with you to the course.

Course duration: 3 days (08:00 – 16:00)

## Refreshments

Tea/coffee and lunches will be provided all day courses.  
No refreshments will be provided for assessment days.

## Certificates

All delegates assessed competent will receive a certificate. The EWSETA will issue a statement of results.

## Assessment Criteria

The assessment of competence as required will be conducted after you have collected all evidence. The assessment process will include: -

- Evaluation of previous couched or self-inspection and testing test conducted by you.
- A knowledge evaluation of applicable codes or standards.
- An onsite assessment to establish competence. (This date will be allocated to the delegate during the duration of the course and cannot be changed).
- The assessment is treated as a NATIONAL EXAM where applicable and cannot be cancelled.
- All re-assessment and cancelled assessment will be levied at a cost of 45% pf the course fee an no negotiations will be entered into.
- The completion of the supporting documentation of on site assessment.
- Feedback and certification and EWSETA communication.

## TERMS AND CONDITIONS
